

## **T900 Series - Operating Instructions**

Models T900/1, T900/2, T900/3

## **Tilt Lock Adjustment Lever**

This controls the tilt of the seat. Lift the lever to tilt seat to desired position. Push down to lock in that position.

**Inflatable Lumbar Pump (optional)** 

Squeeze bulb hanging from backrest to inflate the lumbar support. Press button to release air.

All instructions are given from a seated position.

(October 2010)
